Ingredients:

- Pizza crust
- Pizza sauce
- Bite-size and shredded toppings
- Round or rectangular pans (optional)
- Pizza stone (optional)

Personal Pizza

Directions:

- Divide pizza dough into single-size portions or take a whole pizza crust and designate a section for each kid.
- An efficient way to make a lot of individual pizzas: pat most of the dough into a large rectangle and make a grid pattern with strips of remaining dough. Let kids fill the grids with the toppings of their choice. When the pizza is baked, use a pizza wheel or large knife to cut along the grid lines.
- Explore other pizza shapes. How about hearts, flowers, bears, fish or even kid-shaped pizzas?
- Make individual pizza pockets--or calzones--by spreading half a round of raw pizza dough with sauce and toppings, leaving a 1-inch border. Fold the other half over and seal the edges by pressing the dough together with a fork. Brush with olive oil and bake.
- For a quick and easy pizza night, start with pre-baked pizza crust or make your pizza dough ahead of time.

from "Kids in Church"

Every evening, a mother and her young son, knelt down beside his bed so he could say his prayers. One night, obviously bored with the same old prayer, the little boy said this: "Now I lay me down to sleep, I pray the Lord my soul to keep, if I should die before I wake.....can I have breakfast with you in the morning?"
